

February 28, 2010.

Dear Brothers and sisters .

AS Salam Alaikum.

I pray to Allah (swt) that this letter finds you and your family in the best state of health and Iman.

I would like to update you regarding the current events at Islamic Foundation Of St Louis .

**1) Masjid Bilal at west Pine has a new roof** . Thanks to the help and effort of many individuals who worked hard to make it possible . We want to thank all those participated in this project .

**2) Weekend Madressa and Al Salam Day School expansion project** will be completed shortly and it will be ready for occupancy in the spring break. The project was delayed due to basement flooding in Oct, 09 which caused damage and delayed the work. The Expansion project added more cost because of modification and last minutes changes but it will serve the community for years to come .

**We are in URGENT need of \$79,000.00 to be raised immediately to pay the contractors etc...**

St Louis Community is known as very generous and blessed community in USA and people from other communities come to our institution to raise funds . Please extend the same generosity to your own institution at the time of need . All your donations will be used for its intended purpose with no overhead cost as volunteers do all the administrative and oversight work free of charge .

Please donate for this project generously. This is one of the few opportunities to participate in Sadaqa Jariah project . People can make contributions on behalf of their parents or loved ones . The donations for this project will bring blessing to you in this world and in the hereafter .. May Allah (swt) open your heart for generous donation Please donate ASAP.

**3) Flood Damage to Islamic Foundation: On 10-22-10** Darul-islam Masjid was flooded in the basement with 3 inches of water . . The problem was caused by a Rupture/Break in the main waterline 6 feet from the main building. This water found its way to the drainpipe started to flow into the Patio area and entered the building through the door opening . A meeting was held with the insurance company representatives on 1-29-10 and they have denied to cover the cost associated with outside damage. Many members of the community asked us previously to wait till Insurance company decide what they will cover . **We need to pay for the outside work in the amount of \$24,000.00 to the contractors** . A new pipe was also placed from the patio area to the creek in addition to Extensive excavation and repair work.

**This is my urgent appeal for donation for :**

**Weekend Madressa and Al Salam School for \$79,000.00**

**Flood damage Outside work for \$24,000.00**

Please donate Generously. Thank you for your help **Jazak Allah Khairan.**

**Muhammad Jamil, MD. Chairman , Islamic Foundation Of St Louis . MO**
